"spensers" In the brilliant 1937 novel "Being Different", there is a children's story book that the main character was reading to her children. In this story, her two children have a strange dream which begins, "There's a big blue and red sky, / And the sun's in the morning, / And a spenser." Does anyone know what this word means? Is it an adjective? (if so, is it something from the '90s?) If not, is there a more common (or just more fancy) word for this kind of sky? A: I think it's meant to be saying "spenser" as in the "spenser corner" in a cinema where kids would read books. In the same way, when you go to a mall, they have a'spenser's corner'. Q: Why does pg_dump not work on local Postgres I want to create the backup of my database and use this method pg_dump -Fc -h localhost -U mythtv -p 5432 -v database_name > backup.dump For some reason it takes forever to finish and nothing is created. So I tried to use this procedure pg_dump -h localhost -U mythtv -p 5432 -v database_name > backup.dump and it works and the backup can be found in this directory /home/vagrant/backups/2016/03/25/db_2016-03-25_06-19-30_173752/ I can see the files with the right size and when I open them with text editor I can see the tables. But I can not open or edit them, for example for the first line I have the error: SQL error: Cannot open table "my-table" or if I try to create a table and then try to insert values in that table I get the error: SQL error: CREATE TABLE failed: ERROR: role "db_user" does not exist Can anyone please explain what I'm missing? A: The -c option is for copying, not creating. You
