□DETAILS□ Developer: Arkbvater Publisher: Arkbvater Release date: September 18, 2017 Genre: Fantasy action RPG System: Android Language: Korean Playable: Yes Install size: free Minimum Requirements: OS: Android 2.3.3 or later CPU: 1GHz RAM: 1GB or more Screen: 320x480 or higher Storage: 100MB or more Net: Wi-Fi Connection REVIEW The developer of Minecraft has returned with a fresh look! Say what you will about the game maker behind Minecraft, but that is a most fruitful game. It is an entertainment package that has been continuously innovating itself to evolve even more as time passes. Enter Arkbvater with their first attempt to dive into the tabletop RPG genre. The story is similar to that of the source game: you have a protagonist who is not very skilled, but is going on an

adventure through a dark world. The protagonist is going to be the player's own character as well, meaning that you can change the appearance freely. You can create your own world, meeting quests along the way, interacting with other players, and even call on them for assistance if necessary. The wide world The setting of The Elden Ring is lands that are divided between a land of light and a land of darkness. Your character will be guided through the lands between through your own actions to help you find a way to clear the darkness once and for all. The world of Elden has rich detail, and the game itself is quite beautiful. The general design of the land is open, with paths through the mountains, across the fields, and even running along the water. The sun beats down fiercely on the land. Lightning and thunder roar across the land, and the occasional giant beast surfaces from the ocean. The world of the Elden Ring is just as much about the threat of the darkness and the dangers that

Features Key:

An Epic Fantasy Adventure A large-scale game where curiosity leads to new discoveries and discoveries take you on an adventure.

An Imaginative Large Scenario A story that's unrelentingly exciting and surprising, and features an epic battle scene with characters in the form of statues.

A Thousand Blades Online An asynchronous online feature that allows you to feel the presence of others and share the joy of overcoming challenges together through direct connections, while at the same time allowing you to enjoy them alone.

Introduction

Who is Elden Ring?

Elden Ring ® is a video game project that can only be found in the Lands Between, a land where death and life are unrelated to each other. Players take the role of Tarnished, a player whose power of creation has been stopped by a curse. When the curse is broken, the player unites with their power and becomes an Elden Lord. Their power is called **Elden Ring**. The Lands Between are a massive land that develops different settings in a continual dynamic exchange.

Elden Ring is a fantasy action RPG set in a fantasy world with an unparalleled scale. The Lands Between play wonderfully as a multiplayer experience without omission. Moreover, with online features, the online play matches the scenarios of the original project well and allows you to vicariously experience the joy of overcoming challenges.
