### What's New in the?

PicoCurrency is a simple, easy to use tool designed to help you convert currencies fast and easy. It downloads the latest conversion rates as needed, and can then be used offline, using the downloaded data. You can set a custom domestic currency, and also save frequently used

currency pairs. Very useful for investors/traders, internet shoppers, tourists or any users who wants to convert their domestic currency value to a foreign currency amount. PicoCurrency Features: Currency Conversion: The first and primary tool for this app. You will be able to exchange rates from EUR to USD, EUR to HKD, USD to JPY and GBP to AUS from this menu. Local Currency: You can enter your domestic currency as a name, for example, "EUR" or "GBP", in this menu, and the currency will be entered for you automatically on the exchange rate menu. PicoCurrency Tutorial: 1- Open the PicoCurrency application and press the + symbol to choose from the following domestic currencies (our local currencies). Use the "Tutorial" to show to you how to use the app. 2- Choose one of the following currencies in the list: EUR, GBP, AUD, USD. Then press the "+" symbol to display the exchange rate menu. 3- Select the rate you want to be converted from and the currency you want to be converted to. Click "Next" or "Continue" to continue the conversion process. 4- The new converted amount and the conversion rates are displayed in the menu. Press the minus symbol to end the conversion process. 5- If you want to save the rate, click on the menu to save it. That's all! Use the "+" symbol to refresh the rates. As you can see, the rates are updated daily, so no need to wait long! Contact Us: You can contact us through the following channels: Facebook: It's simple to use, and you can set the currency to be used, and also save the rates as frequently used currency pairs. You can also share the currency convertor, and rate with your friends. You can now create and print invoices in a few easy steps, using the app now available in the iTunes App Store, Google Play Store and Windows Phone Store.
